

General press release AQUA DOME 2018

The AQUA DOME – Tirol Therme Längenfeld: a top attraction in Tyrol since 2004

Alpine hotspot with the largest spa and beauty area in Tyrol

Who hasn't dreamt of floating across the surface of a heated pool as they gaze up at the alpine peaks above? Covering more than 50,000 square metres, the AQUA DOME – Tirol Therme Längenfeld in the heart of the Ötztal Valley is the ideal place to make this dream come true. The most modern and eye-catching spa resort in the Alps boasts futuristic-looking spa and fitness facilities with a range of pools, saunas and a small play area for children. Guests staying at the 4* superior AQUA DOME Hotel also have exclusive access to the award-winning Spa 3000. "The AQUA DOME has been one of the most important attractions in Tyrol since it first opened in 2004," comments CEO Bärbel Frey. In 2013 work was completed on a new premium spa as well as 54 new rooms, six new family suites and a larger seminar area. Today, a combination of state-of-the-art spa facilities and beautiful alpine landscape makes the AQUA DOME the ideal place for a romantic break or a family holiday.

Reserved exclusively for guests staying at the AQUA DOME Hotel, the recently opened 2000m² premium spa is spread across two floors and offers magnificent views of the surrounding mountains. Its modern design combining pinewood, granite and large glass facades with panoramic views brings the raw beauty of the Ötztal Valley into the AQUA DOME. This focus on nature is also to be found in the spa and sauna area, with its use of local mountain herbs, woods and minerals, while a spectacular combination of fire and water complete the modern yet traditional alpine atmosphere.

The local theme continues in the Morgentau spa with a selection of AQUA DOME signature treatments such as the Ötztal Valley Stone Massage and the Mountain Herb Massage. Regular infusions using scented oils, herbs from the region and glacier ice to cool off, make a visit to the 22,000m² Gletscherglühlen sauna area an experience to

savour. Those wishing to work up a sweat in a different way will find exactly what they are looking for in the Gipfelstürmer gym equipped with the latest training machines from leading fitness company Cybex. And, last but by no means least, the 2200m² crystal-shaped Ursprung thermal dome and its three “levitating” bowls filled with spring water are today the unmistakable symbol of the AQUA DOME.

Warm welcome and modern design in the heart of the Alps

With its traditional yet modern design, the 4* superior AQUA DOME Hotel and its 200 spacious rooms and suites are inspired by the contrasts of the Ötztal Valley. A heated walkway connects the hotel to the main spa and sauna area. Each room is decorated using warm colours and wood from the local region. “The furniture is spread out across the room, just like in the parlours of traditional Tyrolean farmhouses,” says Bärbel Frey, explaining the design concept behind the 54 rooms recently added to the hotel complex. “We want our guests to feel at home.” This contrast of cultures continues in the hotel restaurant, where traditional alpine decor and a new south-facing pergola provide the perfect backdrop for a sumptuous breakfast buffet including hot and cold dishes, freshly baked bread and homemade jams and marmalades. In the evening, diners can choose from a selection of dishes and themed buffets, before retiring to the lobby bar for a relaxing drink. For business travellers and companies the AQUA DOME also offers a 900m² meeting area capable of hosting events for up to 800 guests and even spacious enough for car presentations. 3493 characters (incl. spaces)

About VAMED Vitality World: VAMED is an international company which has been active in the fields of thermal spa and health resorts since 1995. In 2006 VAMED created VAMED Vitality World, a collection of the eight most popular spas and health resorts in Austria: the AQUA DOME – Tirol Therme Längenfeld, the SPA Resort Therme Geinberg, the Therme Laa – Hotel und Spa, the St. Martins Therme & Lodge, the Therme Wien, the GesundheitsZentrum Bad Sauerbrunn, the TAUERN SPA Zell am See-Kaprun, the la pura women’s health resort kamptal and the Aquaworld Resort Budapest, one of the largest thermal spas in Hungary. These spas and health resorts welcome 2.5 million guests in Austria every year, making VAMED Austria’s leading operator of thermal spas and health resorts.
