About VAMED: Founded in 1982, VAMED has become the leading global provider of a full line of services for hospitals and other health care facilities. The group has implemented more than 1,000 projects in 101 countries on five continents. VAMED's portfolio ranges from project development, planning and turnkey construction to the maintenance of healthcare facilities. The company also offers high-end services, technical, commercial, and infrastructural services as well as total operational management of healthcare facilities. VAMED's portfolio covers all areas of health care - from prevention and health tourism to acute care, rehabilitation and nursing. Furthermore, VAMED is a leading provider of rehabilitation services in Europe and, through VAMED Vitality World, the largest operator of thermal spas and health tourism resorts in Austria. In 2021, the VAMED group was responsible for about 24,100 employees worldwide generating a volume of business of about 2.6 billion Euros
