Tyrol's largest wellness area there are also many imaginative infusions in the sauna world, such as with Ötztal herbs, Zirb'n Zauber or fresh and fruity. Those wishing to work up a sweat in a different way will find exactly what they are looking for in the gym equipped with the latest training machines from leading fitness company Cybex. And, last but by no means least, the crystal shaped thermal dome and its three "levitating" bowls filled with spring water are today the unmistakable symbol of the AQUA DOME.

### **Warm welcome and modern design in the heart of the Alps**

With its traditional yet modern design, the 4-stars superior AQUA DOME Hotel and its 200 spacious rooms and suites are inspired by the contrasts of the Ötztal Valley. A heated walkway connects the hotel to the main spa and sauna area. Each room is decorated using warm colours and wood from the local region. "The furniture is spread out across the room, just like in the parlours of traditional Tyrolean farmhouses," says Bärbel Frey, explaining the design concept behind the 54 rooms recently added to the hotel complex.

"We want our guests to feel at home." This contrast of cultures continues in the hotel restaurant, where traditional alpine decor and a new south-facing pergola provide the perfect backdrop for a sumptuous breakfast buffet including hot and cold dishes, freshly baked bread and homemade jams and marmalades. Under the motto "committed to the origin - Alpine arc". The AQUA DOME is proud of its rural roots and the diversity of Alpine cuisine, whose culinary specialties are often influenced by the harsh climate of the Alps. Thus, the kitchen team adapts traditional recipes, typical regional specialties as well as ingredients and production methods from the Alpine region and transforms them in surprising new ways. In the evening, diners can choose from a selection of dishes and themed buffets, before retiring to the lobby bar for a relaxing drink. For business travellers and companies, the AQUA DOME also offers a 900m<sup>2</sup> meeting area capable of hosting events for up to 800 guests and even spacious enough for car presentations.
